Forward-looking narratives
SCIENTIFIC SUPPORT FROM SCI4CLIMATE.NRW

- Partners:
  - Wuppertal Institut
  - Fraunhofer UMSICHT
  - RWTH Aachen
  - Institut der deutschen Wirtschaft (IW)
  - VDEH-Betriebsforschungsinstitut (BFI)
  - Verein deutscher Zementwerke (vdz)
  - Soon: FZ Jülich/ RWTH Aachen: Electrochemistry

- 4 thematic fields:
  - Technologies and infrastructure
  - Product and value chains
  - Scenarios and transition pathways
  - Economic and legislative environment
OUR GOALS

• Creating a vision of a climate-neutral and resource saving primary industry

• Technology roadmaps, strategies and pilot projects for a successful industry transformation

• Competence hub for a climate-neutral industry

• Demonstrate appropriate policies for the state, federal and EU-level

• Improve societal perception of industry

• Showing North Rhine-Westphalia as a blueprint for a climate-neutral, competitive EU
